J&M Steel Solutions
894 West State Street
Lehi, UT. 84043

Mr. Madsen,

I would like to write this letter to express my thoughts about your company J&M Steel Solutions and your men's outstanding performance on the Thanksgiving Park Phase 6 project.

The men you have working for you are the best I have worked with in regards to steel erection. Your men were always professional, polite, and respectful, with a "can do" attitude who were always willing to help out with getting the project moving along at a quicker pace.

J&M Steel Solutions is a breath of fresh air when it comes to steel erection companies in this industry. Please don't change a thing about the type of people that you hire and their hunger to do the project quickly and safely as the schedule requires.

The men you have working for you are head and shoulders above any other steel Erection Company I have worked with and they reflect what a great company J&M Steel Solution's has become. I would and will recommend J&M Steel Solutions for many more projects.

Please keep up the great work and good luck to you and J&M Steel in the future.

Respectfully

Dave Lange
